

MAJOR MODIFICATION FORM FOR HOT MIX ASPHALT GENERAL PERMIT MSR70

INSTRUCTIONS

Coverage recipients shall notify the Mississippi Department of Environmental Quality of plans to expand the acreage or "footprint" of an existing hot mix asphalt facility, waive the siting criteria of an existing operation, or construct a new air emissions source. This form must be submitted when any of the following activities is/are being proposed (check all that apply). Copies of the signed Return-Receipts and Contiguous Landowner Notification Forms shall accompany this Major Modification Form in accordance with ACT4, S-7 of the General Permit.

- "Footprint" identified in the original HMANOI is proposed to be enlarged (a modified SWPPP and an updated USGS topographic map must be submitted).
- Applicant requests waiver of facility siting criteria prescribed in ACT5 of the General Permit.
- Applicant intends to construct new air emissions source(s)

This form must be signed by the current coverage recipient under Mississippi's Hot Mix Asphalt General Permit. A different operator must have general permit coverage transferred prior to coverage being modified. Coverage recipients are authorized to implement the proposed modifications, under the conditions of the General Permit, only upon receipt of written notification of approval by the MDEQ.

ALL INFORMATION MUST BE COMPLETED (indicate "N/A" where not applicable)

Affidavit of Publication

Superior Asphalt, Inc. Neshoba County Plant #1 at Highway 15 Bypass, Philadelphia, MS 39350 has applied to the Mississippi Department of Environmental Quality for modification under MDEQ's Multimedia Hot Mix Asphalt Facility General Permit MSR70 to construct, modify and operate an asphalt plant. Such construction and operation may involve the clearing, grading, and excavation of land, and will involve the discharge of storm water and the operation of new air emission equipment during the operation of the facility.

General Permit MSR70 has been developed to ensure compliance with all State and Federal regulations. Facilities granted coverage under this permit and adhering to the conditions contained therein should operate within State and Federal environmental laws and standards concerning storm water discharges and the operation of air emissions equipment.

The staff of the Mississippi Environmental Quality Permit Board is soliciting all relative information pertaining to the proposed facility, including public comment, to ensure that the above referenced facility meets the eligibility requirements of the general permit. An important element of staff evaluation is public review and comment. The staff recommendation to the Board, as well as the Board decision, will be made only after a thorough consideration of all public comments.

Persons wishing to comment upon the proposed determinations are invited to submit comment in writing to Chief, Environmental Permits Division at the above Permit Board address no later than thirty (30) days from the date of publication of this notice. All comments received by that date will be considered in the formulation of final determinations regarding the application. A public hearing will be held if the Permit Board finds a significant degree of public interest in the proposed permit. The Permit Board is limited in the scope of its analysis to environmental impact. Any comments relative to zoning or economic and social impacts are within the jurisdiction of local zoning and planning authorities and should be addressed to those authorities.

A copy of the general permit is available on the MDEQ's website at www.deq.state.ms.us/MDEQ.nsf/page/epd_epdgeneral or by writing or calling the above Permit Board address and telephone number. The general permit is also available for review at the following location(s) during normal business hours.

CONTIGUOUS LANDOWNER NOTIFICATION OF A HOT MIX ASPHALT FACILITY

I, Superior Asphalt Inc, am proposing to construct and operate or modify a Hot Mix Asphalt facility at Highway 15 Bypass, Philadelphia, MS 39350 in Neshoba County. The facility processes will include the operation of air emissions equipment and the discharge of storm water. In addition, construction activities such as clearing, grading and excavating may also be involved. This notification is to provide you with an opportunity to comment to the Mississippi Department of Environmental Quality Permit Board regarding the granting of permit coverage under the Multimedia Hot Mix Asphalt Facility General Permit.

This notice has been sent to you by Certified Mail - Return Receipt Requested. If you have no comments regarding this proposed facility, no response is necessary, and the permitting process will continue. If you have any comments, they must be received by the Mississippi Department of Environmental Quality within 10 days of receipt. The Department of Environmental Quality is limited in its review of this project to those environmental issues in which statutory authority has been given. Any comments relative to zoning or economic and social impacts are within the jurisdiction of local zoning and planning authorities and should be addressed to those authorities. Comments are to be mailed to the following address:

Dear Mr. Whitlock:

Re: HMA Major Modification MSR700035
Superior Asphalt Neshoba County Plant #1

We are applying for a major modification of the referenced permitted site. Enclosed is a completed copy of the Hot Mix Asphalt Major Modification form. Also enclosed is the proof of publication, contiguous landowner notification and library form.

The new plant will have similar emissions to the previously permitted plant along with a fly ash silo and run cellulose fiber. Enclosed is the information of two different asphalt plants, due to we are uncertain at this time which one will be utilized. Neither of these plants are above the current permitted emissions.

If you have any questions or need additional information, please feel free to call me at (601) 260-2425. Thank you for your assistance with this matter.

Sincerely,

Hamp Sterling, P.E.
