# INDUSTRIAL STORMWATER NOTICE OF INTENT (ISNOI)

FOR COVERAGE UNDER THE INDUSTRIAL STORMWATER GENERAL NPDES PERMIT MSR00 2404  
(NUMBER TO BE ASSIGNED BY STATE)

## INSTRUCTIONS

Applicant must be the owner or operator (i.e., legal entity that controls the facility's operation, or the plant/site manager, not the environmental consultant). The owner or operator that receives coverage is responsible for permit compliance. File at least 60 days prior to the commencement of the regulated industrial activity.

Submittals with this ISNOI must include a Storm Water Pollution Prevention Plan (SWPPP) with the minimum components found in ACTs 5-8 of the Industrial Stormwater General Permit. In addition, a United States Geological Survey (USGS) quadrangle map (or a copy) showing site location and extending at least 1/2 mile beyond the site's property boundary is required. If a copy is submitted, provide the name of the quadrangle map that is found in the upper right hand corner. Maps can be obtained from the MDEQ, Office of Geology at 601-961-5523.

**ALL FORM BLANKS MUST BE COMPLETED** (enter "NA" if not applicable)

Re: Pretreatment Permit Application  
Saipem Americas, Inc., Pascagoula, Mississippi

To Whom It May Concern:

Saipem Americas, Inc. has enclosed the Pretreatment Permit Application for their new facility proposed for Pascagoula, Mississippi. The proposed facility will prepare, coat and insulate oilfield tubulars. Abrasive material is used to prepare the pipe for coating/insulating. Then the pipe joints are welded using automated welders. The piping is washed prior to the pipe being painted, and the wash water is collected in a sump that is pumped out daily. The wash water comes in contact with bare pipe, but no other chemicals or pollutants are anticipated in this wash water. No treatment is planned for this wash water, other than solids settling. Saipem Americas, Inc. has not sampled the wash water yet to determine its quality because we have not started operations.

Should you have any questions concerning this information, please feel free to contact Oscar Luzardo of Saipem at (281) 552-5741 or myself at (601) 709-2837.

Sincerely,

**Wood Environment & Infrastructure Solutions, Inc.**
