Re: ***Industrial Storm Water General Permit Re-Coverage Form***
Swift Prepared Foods (Booneville Facility)
Coverage No. MSR001796
Tupelo, Mississippi
Lee County

Dear Ms. Rudolph:

Pursuant to the letter from the Mississippi Department of Environmental Quality (MDEQ), we understand that the general permit that authorizes the discharge of storm water associated with industrial activity has been reissued. The Industrial Stormwater General Permit for Industrial Activities (MSR00) was reissued on December 10, 2020 and replaces the previously titled Baseline Stormwater General Permit. Swift Prepared Foods (formerly Plumrose USA, Inc.) located in Tupelo, Mississippi is enclosing a completed *Industrial Stormwater General Permit Re-Coverage Form* and requests that an updated Certificate of Permit Coverage be issued.

Please note that we intend to update Swift Prepared Food's Storm Water Pollution Prevention Plan (SWPPP) to reflect the new requirements of the General Permit. Per the instructions provided for re-coverage, we understand that these updates do not need to be submitted to MDEQ as long as the SWPPP is current and effective in controlling storm water pollutants.

If you have any questions concerning the attached information, please feel free to contact me at (662) 840-5945 or Brad Wells of Swift Prepared Foods at (662) 213-4152.

Sincerely,

Caitlin Golding
Project Manager
