**MAJOR MODIFICATION FORM
FOR INDUSTRIAL STORMWATER GENERAL PERMIT**
Coverage No. MSR001852 County Chickasaw

INSTRUCTIONS

Coverage recipients shall notify the Mississippi Department of Environmental Quality at least 30 days in advance of the following activities (check all that apply). This form should be submitted with a modified Storm Water Pollution Prevention Plan (SWPPP), updated USGS topographic map, Corps of Engineers Section 404 documentation and wastewater collection and treatment information, as appropriate.

- Facility operations are proposed to change.
- "Footprint" identified in the original ISNOI is proposed to be enlarged.
- Stormwater Quality BMPs are proposed to be modified.

This form must be signed by the current coverage recipient under Mississippi's Industrial Stormwater General Permit, an attached SWPPP must be included, and documentation of the changes compared to the previous approved SWPPP are attached.

Coverage recipients are authorized to discharge storm water associated with proposed new operations, additional areas of activity, or modified BMPs, under the conditions of the General Permit, only upon receipt of written notification of approval by MDEQ. All other modifications must be in accordance with ACT9, S-1 (6) and S-2 (7) of the General Permit.

ALL INFORMATION MUST BE COMPLETED (indicate "N/A" where not applicable)

Re: Storm Water Pollution Prevention Plan
International Paper Company,
Houston Container Facility
Houston, MS
AI ID No. 798; MSR001852

Dear Mr. Griffith:

International Paper Company in Houston, Mississippi has enclosed their updated Storm Water Pollution Prevention Plan (SWPPP) along with a Modification Form. The SWPPP was updated to acknowledge the modifications associated with the wastewater treatment area including the addition of a 10,966-gal equalization (EQ) tank, a 5,826-gallon batch tank, and a 7,147-gallon clean water tank, a filter press, and associated treatment chemicals (in totes) for the filtration system. These tanks and totes will be housed inside a diked area and any potential spills will be contained within the diked area. In addition, the SWPPP was updated to reflect the requirements of the current Industrial Storm Water General Permit for Industrial Activities.

Should you have any questions concerning this SWPPP, please feel free to contact myself at (662) 681-6023 or our environmental consultant, Sara Mathews of WSP USA Environment & Infrastructure, Inc., at (615) 426.6266.

Sincerely,
International Paper Company

Clay Finley
Complex EHS Manager
