INSTRUCTIONS

The submittal of this form is required to receive coverage under the reissued Large Construction General Permit. This form must be completed and returned to the address printed at the bottom of the back page of this form by April 30, 2022.

The signatory of this form must be the owner or operator (prime contractor) who is the current coverage recipient (rather than the project manager or environmental consultant).

If the company seeking coverage is a corporation, a limited liability company, a partnership, or a business trust, attach proof of its registration with the Mississippi Secretary of State and/or its Certificate of Good Standing. This registration or Certificate of Good Standing must be dated within twelve (12) months of the date of the submittal of this coverage form. Re: ***Large Construction Storm Water General Permit Re-Coverage Form***
Kimberly-Clark Corporation, Corinth Mill
Coverage No. MSR108132
Corinth, Mississippi (Alcorn County)

Dear Ms. Bass:

Pursuant to the letter from the Mississippi Department of Environmental Quality (MDEQ), we understand that the general permit that authorizes the discharge of storm water associated with large construction activity has been reissued. The Large Construction General Permit for Land Disturbing Activities of Five (5) or More Acres (MSR10) was reissued on February 4, 2022 and replaces the previous permit. Kimberly-Clark Corporation, Corinth Mill (K-C) is enclosing a completed *Large Construction General Permit Re-Coverage Form* and requests that an updated Certificate of Permit Coverage be issued.

Per the instructions provided for re-coverage, we understand that these updates do not need to be submitted to MDEQ as long as the SWPPP is current and effective in controlling storm water pollutants.

If you have any questions concerning the attached information, please feel free to contact me at (662) 840-5945 or Josh Horton of K-C at (662) 284-3407.

Sincerely,

Jody Lindsey
