**Re: Hydrostatic Test General Permit Notice of Intent
Tennessee Gas Pipeline Company, L.L.C.
TGP District 63 DOC Reclamation
Panola County, Mississippi**

Dear Ms. Tomkins:

Allen Engineering and Science, Inc (AllenES) is assisting Tennessee Gas Pipeline Company, L.L.C. (TGP) with a proposed pressure test project in Panola County, Mississippi. The Project proposes to hydrotest approximately 300 feet of a 26" line (all new pipe) at the Batesville Compressor station located at 8450 Highway 6W, Batesville, MS on or about September 30, 2026. Hydrostatic test-water discharges will be managed through the following outfall:

- **Outfall 001:** Land application within the Old Little Tallahatchie River drainage area which is not independently identified on Mississippi's Section 303(d) list as impaired; however, it does have a completed TMDL for polychlorinated biphenyls (PCBs).

Approximately 8,000 gallons of hydrostatic test water will be discharged through energy dissipation and filtration controls to a stable, vegetated upland area approximately 0.26 miles from the Old Little Tallahatchie River. The limited discharge volume and available vegetated travel distance are expected to promote infiltration before the water reaches the river. Should any portion of the discharge reach the Old Little Tallahatchie River, the hydrostatic test water is not expected to contain PCBs or contribute additional PCB loading because the test involves only new, previously unused pipe, and no PCB-containing materials or additives will be introduced during testing.

Consistent with the HTGP, the test water will be land-applied within a stable, well-vegetated upland area through appropriately designed energy-dissipation and filtration controls. These controls will include sediment-filter bags, straw bales, silt fence, or equivalent approved filter media, as appropriate. Dewatering structures will be located at least 50 feet from adjacent surface waters and wetlands. Discharge rates will be controlled to promote infiltration and prevent erosion,

sediment transport, concentrated runoff, or the conveyance of hydrostatic test water to Old Little Tallahatchie River.

TGP respectfully requests MDEQ's approval of the proposed discharge approach. Please advise if additional information is needed to facilitate this request. Please don't hesitate to call me directly on my cell phone at 205-310-8345 to discuss. Thank you in advance for your timely attention to this matter.

Sincerely,
Allen Engineering and Science, Inc.

Travis Beard
Senior Scientist

HYDROSTATIC TEST NOTICE OF INTENT (HTNOI)

FOR COVERAGE UNDER MISSISSIPPI'S HYDROSTATIC TEST GENERAL PERMIT GENERAL PERMIT MSG13690

(Number to be assigned by MDEQ)

INSTRUCTIONS

The Hydrostatic Test Notice of Intent (HTNOI) is for coverage under the Hydrostatic Test General Permit to discharge hydrostatic test water. Applicant must be the owner or operator. The coverage recipient is responsible for compliance with the conditions of the general permit.

Completed HTNOIs should be filed at least thirty (30) days prior to the commencement of regulated activity. Discharge of hydrostatic test water without written notification of coverage is a violation of state law.

If the company seeking coverage is a corporation, a limited liability company, a partnership, or a business trust, attach proof of its registration with the Mississippi Secretary of State and /or its Certificate of Good Standing. This registration or Certificate of Good Standing must be dated within twelve (12) months of the date of the submittal of this coverage form. Coverage will be issued in the company name as it is registered with the Mississippi Secretary of State.

IF REGULATED LAND DISTURBING ACTIVITIES ARE TO OCCUR, LIST ACRES DISTURBED: _____

NOTE: If disturbing five (5) acres or more, a stormwater construction coverage is required.

A USGS quadrangle map or copy is a required submittal. The map shall extend at least one-half of a mile beyond the facility/ project property boundary. In the case of linear pipeline projects the map shall extend at least one-half of a mile beyond the pipeline right-of-way. The site location and outfalls must be outlined and labeled. Quad maps can be obtained from the Office of Geology (601-961-5523). If a copy is submitted, provide the name of the quadrangle map that is found in upper right hand corner.

Additional submittals may include the following:

- Labeled site drawing noting the outfall(s) associated with hydrostatic test water discharge(s)
- List of chemical Additives,
- Appropriate Section 404 documentation from U.S. Army Corps of Engineers, or
- Written authorization from the MDEQ, Office of Land and Water, if water withdrawal from surface waters or ground waters is to be used for the testing. For information call the Office of Land and Water at 601/961-5202

ALL REQUESTED INFORMATION MUST BE PROVIDED (Answer "NA" if not applicable)

APPLICANT IS THE: ☐ OWNER ☐ OPERATOR (Must check one or both)

Printed Name

Title

¹This application shall be signed according to ACT6, T-17 of the General Permit, as follows:

- For a corporation, by a responsible corporate officer.
- For a partnership, by a general partner.
- For a sole proprietorship, by the proprietor.
- For a municipal, state or other public facility, by principal executive officer, the mayor, or ranking elected official.

HTNOI forms must be submitted to: Chief, Environmental Permits Division
MS Dept of Environmental Quality, Office of Pollution Control
P.O. Box 2261
Jackson, Mississippi 39225

Revised: 03-15-17

OUTFALL INFORMATION

(To be submitted with HTNOI and Major Modification Forms)

INSTRUCTIONS:

1. For each outfall, complete the information in the table below (NOTE: Complete the last column of this form, only if it is being submitted with a Major Modification Form).
2. All outfalls must be spotted and labeled on a USGS quadrangle map.

APPENDIX B

SECRETARY OF STATE CERTIFICATE OF GOOD STANDING

Michael Watson
SECRETARY OF STATE

Office of the Secretary of State
Jackson, Mississippi

Certificate of Good Standing

I, MICHAEL WATSON, Secretary of State of the State of Mississippi, and as such, the legal custodian of the records as required by The Mississippi Registration of Foreign Limited Liabilities Company Act to be filed in my office do hereby certify:

TENNESSEE GAS PIPELINE COMPANY, L.L.C.

Registered the 13th day of October, 2011

A Delaware LIMITED LIABILITY COMPANY has filed the necessary documents in this office and has obtained a certificate of registration to do business in this state, under the provisions of The Mississippi Registration of Foreign Limited Liability Companies Act as shown by the records in this office.

I further certify that said Limited Liability Company has filed in this office an appointment of registration for service of process, with written acceptance endorsed thereon, and/or power of attorney, designating its agent and/or attorney for service of process in this State as:

Capitol Corporate Services, Inc.
248 E Capitol St., Ste 840
Jackson, MS 39201

I further certify that said Limited Liability Company has paid the fees for filing the above papers required by law as shown by the records of this office, and that said Limited Liability Company is in good standing to do business in Mississippi at this time.

Given under my hand and seal of office
the 20th day of March, 2026

A handwritten signature in black ink that reads "Michael Watson".

Certificate Number: CN26236020

Verify this certificate online at <http://corp.sos.ms.gov/corpcnv/verifycertificate.aspx>
