TATE REEVES  
Governor

## MISSISSIPPI DEPARTMENT OF ENVIRONMENTAL QUALITY

CHRIS WELLS, EXECUTIVE DIRECTOR

August 30, 2021

Mr. Michael Morris  
WAG Sand and Gravel LLC PO Box 467  
Crystal Springs, MS 39059

Dear Mr. Morris:

Enclosed is Mississippi Surface Mining Permit P21-010, which grants you permission for surface mining operation in Copiah County.

The new format of this permit is similar to other permits issued by the Mississippi Department of Environmental Quality and is designed to state the general provisions of the Surface Mining and Reclamation of Land statute (law) and the Mississippi Surface Mining and Reclamation Rules and Regulations (regulations), to list the operator's rights and obligations, and list both general and site-specific conditions of this permit. This permit document does not impose any new conditions that did not previously exist under the law and regulations.

You must place a sign (at least 2 feet by 4 feet) adjacent to the nearest public road, stating:

WAG Sand and Gravel LLC  
PO Box 467  
Crystal Springs, MS 39059

Surface Mining Permit P21-010

WAG Scales Mine

Sincerely,

Ron Porter  
Assistant Division Director  
Mining and Reclamation Division
