Re: **Industrial Storm Water General Permit Re-Coverage Form**  
Hankins Forest Products, Inc.  
Coverage No. MSR002224  
Booneville, Mississippi  
Prentiss County

Dear Ms. Rudolph:

Pursuant to the letter from the Mississippi Department of Environmental Quality (MDEQ) dated December 29, 2020, we understand that the general permit that authorizes the discharge of storm water associated with industrial activity has been reissued. The Industrial Stormwater General Permit for Industrial Activities (MSR00) was reissued on December 10, 2020 and replaces the previously titled Baseline Stormwater General Permit. Hankins Forest Products, Inc. (Hankins) is enclosing a completed *Industrial Stormwater General Permit Re-Coverage Form* and requests that an updated Certificate of Permit Coverage be issued.

Please note that we intend to update Hankins's Storm Water Pollution Prevention Plan (SWPPP) to reflect the new requirements of the General Permit. Per the instructions provided for re-coverage, we understand that these updates do not need to be submitted to MDEQ as long as the SWPPP is current and effective in controlling storm water pollutants.

If you have any questions concerning the attached information, please feel free to contact me at (662) 840-5945 or Mr. James Willingham of Hankins at (662) 837-9286.

Sincerely,

Caleb James  
Project Manager

# INDUSTRIAL STORMWATER GENERAL PERMIT RE-COVERAGE FORM

FOR COVERAGE UNDER MISSISSIPPI'S REISSUED  
INDUSTRIAL STORMWATER GENERAL PERMIT MSR00  
GENERAL NPDES COVERAGE NO. MSR00 2 2 2 4

## INSTRUCTIONS

The submittal of this form is required to receive coverage under the reissued Industrial Stormwater General Permit. This form must be completed and returned to the address printed at the bottom of page 2.

The signatory of this form must be the owner or operator who is the current coverage recipient (rather than the plant/site manager or environmental consultant). The coverage recipient is responsible for permit compliance.

Amendments to the Storm Water Pollution Prevention Plan (SWPPP) are required to be attached if the plan is not current or is ineffective in controlling storm water pollutants.

If the facility is out of business or no longer a regulated facility, please request termination of coverage by completing the Request for Termination (RFT) Form found in the Industrial Stormwater Forms Package. Facilities that continue to discharge wastewater without applicable permit coverage are in violation of state law.

Do not submit this form if submitting a "Request for Termination" (RFT).

Do not submit this form if submitting a "No Exposure Certification."

**ALL INFORMATION MUST BE COMPLETED** (Enter "NA" if not applicable).
