## DOCUMENTATION OF COMPLIANCE WITH OTHER REGULATIONS/REQUIREMENTS Coverage under this general permit will not be granted until all other required MDEQ permits and approvals are addressed.

WILL THE CONSTRUCTION	OR OPERATION OF THIS MINE INV	OLVE THE RE-ROUTING, FILLING OR CROSSING OF A WATER				
CONVEYANCE OF ANY KIND? YES NO						
If yes, contact the U.S. Army Corps of Engineers' Regulatory Branch for permitting requirements. If the mine requires a Corps of Engineers Section 404 permit, provide appropriate documentation with this MNOI that:  The mine has been approved by individual permit, or  The work will be covered by a nationwide permit and NO NOTIFICATION to the Corps is required, or						
The work will be covered !						
LIST ANY NPDES PERMIT N	LIST ANY NPDES PERMIT NO(s) GEOLOGY APPLICATION/PERMIT NO					
LIST OTHER GEOLOGY PER	RMIT NUMBERS THAT APPLY TO CO	VERAGE AREA				
IS THE MINE LESS THAN 4 A	ACRES AND GREATER THAN 1320 FE	ET FROM ANOTHER MINE?				
YES A "Notice of Ex if previously sul	YES A "Notice of Exempt Operations" Form must be included with the MNOI or proof of prior submission, if previously submitted to the Office of Geology.					
NO A "Notice of Int General Permit.	NO A "Notice of Intent to Mine Class I or Class II Materials" Form must be filed before coverage will be granted under the Mining General Permit. For information on Office of Geology requirements, call 601-961-5515.					
LIST ANY LOCAL STORM WATER ORDINANCES WITH WHICH THE OPERATIONS MUST COMPLY AND SUBMIT ANY						
ASSOCIATED APPROVAL DE	OCUMENTATION.					
IF IMPOUNDMENTS WILL BE CONSTRUCTED ABOVE NATURAL SURFACE ELEVATIONS, INDICATE WHICH, IF ANY, OF THE FOLLOWING APPLY.						
The impoundment will be constructed with a peripheral dam or levee 8 feet or greater in height, measured from the lowest elevation of its toe.						
The impoundment will h	ave a maximum storage volume greater ti	nan 25 acre-feet.				
The impoundment will in	mpound a watercourse with a continuous	low.				
The impoundment has the	ne potential to threaten downstream lives	or man-made structures.				
If <u>any</u> of the impoundments mee Division before coverage will be	et any of the above criteria, the applicant granted under the Mining General Perm	will be required to obtain written authorization from MDEQ, Dam Safety it.

## MINING NOTICE OF INTENT (MNOI) FOR COVERAGE UNDER MINING STORM WATER, DEWATERING AND NO DISCHARGE GENERAL PERMIT MSR32 \_\_\_\_\_\_ (Number to be assigned by State)

(Tumber to be assigned by State)
File at least 30 days prior to the commencement of mining; 15 days if a Storm Water Pollution Prevention Plan (SWPPP) is already on file and mine dewatering is <u>not</u> proposed. Lateral expansion of an existing mine that has general permit coverage requires the submittal of the Major Modification Form, not a new MNOI. However, modification of the existing SWPPP to include the expansion is required. <u>Discharge of storm water or impounded water associated with mining or the operation of a wastewater recirculation system with no discharge without written notification of coverage from MDEQ is a violation of State Law.</u>
If the company seeking coverage is a corporation, a limited liability company, a partnership, or a business trust, attach proof of its registration with the Mississippi Secretary of State and/or its Certificate of Good Standing. This registration or Certificate of Good Standing must be dated within twelve (12) months of the date of the submittal
of this coverage form. Coverage will be issued in the company name as it is registered with the Mississippi Secretary of State.
Please indicate the activities to be covered by this MNOI (check all that apply).
Storm Water Discharges Associated with Mining Mine Dewatering
Wastewater Recirculation System with No Discharge
The appropriate section of the MNOI must be completed if the applicant proposes to discharge storm water, discharge impounded mine water (dewatering) and/or operate a wastewater recirculation system with no discharge.
A site-specific Storm Water Pollution Prevention Plan (SWPPP) developed in accordance with ACT5 of the General Permit and a United States Geological Survey (USGS) quadrangle map or photocopy, indicating the site location and outfalls must be included with the MNOI submittal. The name of the quadrangle map must be shown on all copies. Quadrangle maps can be obtained from the MDEQ, Office of Geology at 601-961-5523. Additional submittals may include the following (check all that apply).
☐ Section 404 Documentation
Dam/Reservoir Safety Permit or Written Authorization
ALL INFORMATION MUST BE COMPLETED (indicate "N/A" where not applicable)
