Remarks: If possible, we are asking that you please expedite this permit application. We were told in the pre-bid conference for this project that a permit was already in place and the general contractor would simply have to transfer the permit upon award of the project. After extensive checking, we were informed that no permit had been applied for yet and we would have to do it. This has put us behind in our schedule on a project that has an extremely tight timeline to begin with. Any help you could give us would be greatly appreciated. Please let me know if you need any additional information for the permit. You may contact me at 601-649-4490 or email at [beverlyc@ljsumrall.com](mailto:beverlyc@ljsumrall.com)

Thank you,
