

HYDROSTATIC TEST NOTICE OF INTENT (HTNOI)

FOR COVERAGE UNDER MISSISSIPPI'S HYDROSTATIC TEST

GENERAL PERMIT GENERAL PERMIT MSG13 0000

(Number to be assigned by MDEQ)

INSTRUCTIONS

The Hydrostatic Test Notice of Intent (HTNOI) is for coverage under the Hydrostatic Test General Permit to discharge hydrostatic test water. Applicant must be the owner or operator. The coverage recipient is responsible for compliance with the conditions of the general permit.

Completed HTNOIs should be filed at least thirty (30) days prior to the commencement of regulated activity. Discharge of hydrostatic test water without written notification of coverage is a violation of state law.

If the company seeking coverage is a corporation, a limited liability company, a partnership, or a business trust, attach proof of its registration with the Mississippi Secretary of State and /or its Certificate of Good Standing. This registration or Certificate of Good Standing must be dated within twelve (12) months of the date of the submittal of this coverage form. Coverage will be issued in the company name as it is registered with the Mississippi Secretary of State.

IF REGULATED LAND DISTURBING ACTIVITIES ARE TO OCCUR, LIST ACRES DISTURBED: 0
NOTE: If disturbing five (5) acres or more, a stormwater construction coverage is required.

A USGS quadrangle map or copy is a required submittal. The map shall extend at least one-half of a mile beyond the facility/ project property boundary. In the case of linear pipeline projects the map shall extend at least one-half of a mile beyond the pipeline right-of-way. The site location and outfalls must be outlined and labeled. Quad maps can be obtained from the Office of Geology (601-961-5523). If a copy is submitted, provide the name of the quadrangle map that is found in upper right hand corner.

Additional submittals may include the following:

- Labeled site drawing noting the outfall(s) associated with hydrostatic test water discharge(s)
- List of chemical Additives,
- Appropriate Section 404 documentation from U.S. Army Corps of Engineers, or
- Written authorization from the MDEQ, Office of Land and Water, if water withdrawal from surface waters or ground waters is to be used for the testing. For information call the Office of Land and Water at 601/961-5202

ALL REQUESTED INFORMATION MUST BE PROVIDED (Answer "NA" if not applicable)

 Title

¹This application shall be signed according to ACT6, T-17 of the General Permit, as follows:

- For a corporation, by a responsible corporate officer.
- For a partnership, by a general partner.
- For a sole proprietorship, by the proprietor.
- For a municipal, state or other public facility, by principal executive officer, the mayor, or ranking elected official.

HTNOI forms must be submitted to: **Chief, Environmental Permits Division**
MS Dept of Environmental Quality, Office of Pollution Control
P.O. Box 2261
Jackson, Mississippi 39225

Revised: 03-15-17

OUTFALL INFORMATION

(To be submitted with HTNOI and Major Modification Forms)

INSTRUCTIONS:

- For each outfall, complete the information in the table below (NOTE: Complete the last column of this form, only if it is being submitted with a Major Modification Form).
- All outfalls must be spotted and labeled on a USGS quadrangle map.

NOTE: To Comply with EPA's NPDES e-Reporting rule, MDEQ has implemented the use of U.S.EPA's NetDMR for the submittal of DMRs. Permittees required to submit DMRs must submit DMRs electronically using NetDMR. A training video and additional info can be found at <http://bit.ly/2gao6sW>. For additional information about NetDMR, please send an email to netdmrhelp@mdeq.ms.gov or contact Annette Brocks at 601-961-5252

¹ List the latitude and longitude of its location to the nearest 15 seconds.

² Name of the nearest named receiving stream as listed on a USGS Quad Map.

³ MDEQ's 303(d) List of Impaired Water Bodies and approved TMDLs can be found at: http://www.deq.state.ms.us/MDEQ.nsf/page/TWB_Total_Maximum_Daily_Load_Section

Should you have any questions or require additional information, please contact me at (713) 381-3027 or by email at alrichards@eprod.com, or Michael Souliere at (713) 381-6757 or by email at mpsouliere@eprod.com.

Sincerely,

**Re: Hydrostatic Test Notice of Intent for Coverage under Hydrostatic Test General Permit
Dixie Pipeline Company LLC
Mont Belvieu to Apex (Dixie) Pipeline
Lamar County, Mississippi**

To Whom It May Concern:

Dixie Pipeline Company LLC (Dixie) is submitting the enclosed Hydrostatic Test Notice of Intent (HTNOI) for coverage under Mississippi's Hydrostatic Test General Permit. Dixie proposes to hydrotest the existing Grangeville to Hattiesburg segment (LID 120 AID 5459) and associated infrastructure to support the Mont Belvieu to Apex (Dixie) Pipeline. The Grangeville to Hattiesburg segment being pressure tested is approximately 104.37 miles of used 12-inch diameter pipe which currently transports propane. The proposed discharge site is located approximately 2.64 miles south of the city of Oloh in Lamar County, Mississippi. Please refer to Attachment A, Figure 1 for the Project Vicinity Map.

Hydrostatic test water will be sourced from an unnamed pond located on private property near the headwaters of East Gully Creek which is directly adjacent to the Dixie Pipeline right-of-way. Dixie is proposing to hydrostatically test the existing Grangeville to Hattiesburg segment resulting in the discharge of approximately 3,108,000 gallons (74,000 barrels) of test water (Attachment A, Figure 2).

The discharge will occur at the following location:

Latitude: 31°15'32.41" N
Longitude: 89°35'2.31" W

The proposed discharge is located on the Oloh, MS 2016, U.S. Geological Survey 7.5-minute series topographic quadrangle map (Attachment A, Figure 3). Test water will be pumped from the private, unnamed pond and transported via pipe to the segment being tested. Once complete, test water will be discharged via pipe back into the pond from which it was sourced.

Required Hydrostatic Test General Permit Forms including the Mississippi Department of Environmental Quality (MDEQ) HTNOI and Outfall Information are provided as Attachment B.
