have entered into an agreement that the above mentioned contractor will remove the chicken litter and/or chicken compost from the above mentioned producer's poultry operation. Once the litter and/or compost is removed from the Producer's poultry operation it becomes the Contractor's sole responsibility to ensure that the litter and/or compost material is placed on lands in accordance with siting criteria for land application requirements established by Mississippi Department of Environmental Quality, Office of Pollution Control, and at an application rate not to exceed 4 tons/acre/application. Further, if any or all of the litter/compost is to be transported to another state, it becomes the Contractor's responsibility to dispose of the litter/compost material in a manner which shall comply with that state's land application or commerce requirements.
