RE: Permit Modification - IGP Permit # MSR000572
Georgia-Pacific WFS LLC, Meridian Woodyard
Lauderdale County, Mississippi

Dear Mr. Gupta,

Please find attached Permit Modification Form for Industrial Stormwater General Permit Coverage Number MSR000572 for Georgia-Pacific WFS LLC's Meridian Woodyard (GP).

This modification is the result of GP's closure of its adjacent Meridian Wet Deck covered under MDEQ's Wet Deck Log Spray with Recirculation Permit # MSG170053 to which GP submitted Request for Termination of Coverage dated March 29, 2023.

From the Wet Deck closure, 6.6 acres of area has been added to the Meridian Woodyard dry log storage area and Outfall 003 has been added to monitor stormwater discharge from this additional acreage. The Meridian Woodyard now has two outfalls – Outfall 001 and recently added Outfall 003.

The additional acreage and outfall added are shown on the attached maps and further described in the updated Storm Water Pollution Plan (SWPPP) for the Site also attached.

Thank you for your assistance in the matter of this permit modification and our prior request for termination of the wet deck permit. If you have questions or need further information, please contact me using one of the points listed at the top of this letter.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Rand Mathews', written over a circular stamp.

Rand Mathews

MAJOR MODIFICATION FORM
FOR INDUSTRIAL STORMWATER GENERAL PERMIT
Coverage No. MSR00 0572 County Lauderdale

INSTRUCTIONS

Coverage recipients shall notify the Mississippi Department of Environmental Quality at least 30 days in advance of the following activities (check all that apply). This form should be submitted with a modified Storm Water Pollution Prevention Plan (SWPPP), updated USGS topographic map, Corps of Engineers Section 404 documentation and wastewater collection and treatment information, as appropriate.

- Facility operations are proposed to change.
'X' 'Footprint' identified in the original ISNOI is proposed to be enlarged.
Stormwater Quality BMPs are proposed to be modified

This form must be signed by the current coverage recipient under Mississippi's Industrial Stormwater General Permit, an attached SWPPP must be included, and documentation of the changes compared to the previous approved SWPPP are attached.

Coverage recipients are authorized to discharge storm water associated with proposed new operations, additional areas of activity, or modified BMPs, under the conditions of the General Permit, only upon receipt of written notification of approval by MDEQ. All other modifications must be in accordance with ACT9, S-1 (6) and S-2 (7) of the General Permit.

ALL INFORMATION MUST BE COMPLETED (indicate "N/A" where not applicable)
