RE: Construction For:
Amazon Project DIP Number 403, Phase III
Marshall County, Mississippi

To Whom it May Concern:

As the Engineers for Marshall County and the Marshall County Industrial Development Authority we are submitting the attached Large Construction Notice of Intent form for the purpose of establishing re-coverage of the above referenced project due to the expiration of Permit No. MSR108453.

The delay in this project getting started has been due to funding issues as well as a delay with MDOT on the design for the new interchange that will be built on Highway 72 for connection of this new road.

Please find attached the construction plans for the proposed road, along with the LCNOI form and the required Quadrangle map.

Upon further review of this package if there is any additional information needed, please contact me at our office.

Respectfully,
ELLIOTT & BRITT ENGINEERING, P.A.

Andy Clemmer
Project Manager
