DeSoto County, Tennessee

To Whom it May Concern:

Texas Gas Transmission, LLC is submitting this Hydrostatic Notice of Intent (HTNOI) requesting authorization for a discharge of hydrostatic test water from their 26-inch diameter pipeline in DeSoto County, Mississippi. The volume of water for the hydrostatic test will be approximately 35,800 gallons from a municipal source and discharged onto their existing right-of-way (Outfall 001). The water will be discharged at a rate of approximately 5 gallons-per-minute into a haybale structure.

Please find attached a site location map showing the discharge location (**Figure 1**) and the HTNOI general permit forms and supporting information (**Attachment A**). The Mississippi Secretary of State Certificate of Good Standing is included as **Attachment B**.
