

MAJOR MODIFICATION FORM FOR LARGE CONSTRUCTION GENERAL PERMIT

Coverage No. MSR10 9236 ___ County Marshall

Coverage recipients shall notify the Mississippi Department of Environmental Quality (MDEQ) at least 30 days in advance of the following activities (check all that apply). This form should be submitted with a modified Storm Water Pollution Prevention Plan (SWPPP), updated USGS topographic map, Corps of Engineers Section 404 documentation and waterwater collection and treatment information, as a sparporpriate. SWPPP details have been developed and are being submitted for MDEQ review for subsequent phases of an existing project. "Footprint" identified in the original LCNO1 is proposed to be changed. This form must be signed by the current coverage recipient under Mississippi's Large Construction General Permit. A different developer of new phases of existing subdivisions must apply for separate permit coverage through the submittal of a new complete LCNO1 package. Coverage recipients are authorized to discharge storm water associated with proposed expansions of existing subdivisions or subsequent phases, under the conditions of the General Permit, and upon receipt of written notification of approval by MDEQ. 40 the done modifications, such as changes of evosion and sediment controls used, must be in accordance with ACT6. 5-1 (6) and 5-2 (70 of the General Permit.
