

# READY-MIX CONCRETE GENERAL PERMIT (RMCGRP) NOTICE OF INTENT

## INSTRUCTIONS

**All questions must be answered for this Notice of Intent (NOI) to be considered complete.** If an item does not apply, enter "N/A" for not applicable to show that you considered the question. Additional instructions for the NOI are also available online in the "NOI Help" document at [www.mdeq.ms.gov/rmcgrp](http://www.mdeq.ms.gov/rmcgrp). The applicant must be the owner and/or operator of the property (i.e., the legal entity that controls the facility's operation, rather than the plant/site manager or environmental consultant).

**Registration with Mississippi Secretary of State:** If the company seeking coverage is a corporation, a limited liability company, a partnership, or a business trust, attach proof of registration with the Mississippi Secretary of State and/or the Certificate of Good Standing (official or unofficial copy). This registration or Certificate of Good Standing must be dated within 12 months of the date of the submittal of this coverage form. Coverage will be issued in the company name as it is registered with the Mississippi Secretary of State.

**Submittal Requirements:** For coverage under this general permit, this form must be completed and returned to MDEQ **within 30 days** prior to commencement of the regulated activity. For other NOI submittal deadlines see Condition S-1 of ACT 2, of the RMCGRP. All forms must be submitted online at [www.mdeq.ms.gov/rmcgrp](http://www.mdeq.ms.gov/rmcgrp) or via hard copy to:

Water II Branch Manager, Environmental Permits Division  
Mississippi Department of Environmental Quality  
PO Box 2261  
Jackson, MS 39225-2261

**Storm Water Pollution Prevention Plan (SWPPP):** A SWPPP addressing storm water runoff from industrial activities must be submitted with the NOI. The SWPPP must comply with the requirements of ACT 5 of the RMCGRP. If an electronic copy is submitted, a hard copy should also be mailed to the address above for MDEQ's files.

**Wastewater Treatment:** If wastewater treatment facilities are necessary to achieve compliance with the terms of the RMCGRP, the plans and specifications for such treatment facilities must be submitted with the NOI>

**Public Notice / Contiguous Landowner Notification:** If the proposed facility will be considered a synthetic minor source, the applicant must publish a public notice allowing 30 days for receipt of public comments. For ALL proposed facilities, the applicant must provide contiguous landowner notification. The public notice and contiguous landowner notification form are available online at [www.mdeq.ms.gov/rmcgrp](http://www.mdeq.ms.gov/rmcgrp). A copy of the public notice and/or contiguous landowner notification form(s) must be submitted with the NOI.

**Storm Water from Construction Activities:** The RMCGRP no longer covers storm water from construction activities. Construction activities including clearing, excavating, and other land disturbing activities equal to or greater than one (1) acre but less than five (5) acres require compliance with the Small Construction General Permit and completion of a Small Construction Notice of Intent (SCNOI). Construction activities equal to or greater than five (5) acres require compliance with the Large Construction General Permit and submittal of a Large Construction Notice of Intent (LCNOI). These General Permits, NOIs, and other required forms can be found at the following link: [www.mdeq.ms.gov/generalpermits/](http://www.mdeq.ms.gov/generalpermits/).
