FOR COVERAGE UNDER MISSISSIPPI'S REISSUED  
BASELINE GENERAL PERMIT MSR00  
GENERAL NPDES COVERAGE NO. MSR00 0 1 7 6

## INSTRUCTIONS

The submittal of this form is required to receive coverage under the reissued Baseline General Permit. This form must be completed and returned to the address printed at the bottom of page 2 within 30 days of the date of the Letter of Instruction for Re-Coverage.

The signatory of this form must be the owner or operator who is the current coverage recipient (rather than the plant/site manager or environmental consultant). The coverage recipient is responsible for permit compliance.

Amendments to the Storm Water Pollution Prevention Plan (SWPPP) are required to be attached if the plan is not current or is ineffective in controlling storm water pollutants. The visual assessment and training sections of your SWPPP will probably need to be updated to adhere to permit requirements (see ACT8, S-1 and ACT12, S-1 and S-2). These updates do NOT need to be submitted to MDEQ.

If the facility is out of business or no longer a regulated facility, please request termination of coverage by completing the Request for Termination (RFT) Form found in the Baseline Forms Package. Facilities that continue to discharge wastewater without applicable permit coverage are in violation of state law.

Do not submit this form if submitting a "Request for Termination" (RFT).

Do not submit this form if submitting a "No Exposure Certification."

**ALL INFORMATION MUST BE COMPLETED** (Enter "NA" if not applicable).

The Certificate of Coverage should be mailed to:  owner/operator  facility (please check one)

Dear Mr. Morris:

Pursuant to your letter dated October 8, 2010, we understand that the Baseline Storm Water General Permit for Industrial Activities (MSR00) was reissued on September 29, 2010. J. T. Shannon Lumber Company (J. T. Shannon) is enclosing a completed *Baseline Storm Water General Permit Re-Coverage Form* and requests that an updated Certificate of Permit Coverage be issued. Please note that we intend to update J. T. Shannon's Storm Water Pollution Prevention Plan (SWPPP) to reflect the new requirements of the General Permit. Per the instructions provided for re-coverage, we understand that these updates do not need to be submitted to MDEQ as long as the SWPPP is current and effective in controlling storm water pollutants.

If you have any questions concerning the attached information, please feel free to contact me at (662) 840-5945 or Jim Garrard of J. T. Shannon at (662) 393-3765.
