# BASELINE STORM WATER GENERAL PERMIT RE-COVERAGE FORM

FOR COVERAGE UNDER MISSISSIPPI'S REISSUED  
BASELINE GENERAL PERMIT MSR00  
GENERAL NPDES COVERAGE NO. MSR00 0 1 3 4

## INSTRUCTIONS

The submittal of this form is required to receive coverage under the reissued Baseline General Permit. This form must be completed and returned to the address printed at the bottom of page 2 within 30 days of the date of the Letter of Instruction for Re-Coverage.

The signatory of this form must be the owner or operator who is the current coverage recipient (rather than the plant/site manager or environmental consultant). The coverage recipient is responsible for permit compliance.

Amendments to the Storm Water Pollution Prevention Plan (SWPPP) are required to be attached if the plan is not current or is ineffective in controlling storm water pollutants. The visual assessment and training sections of your SWPPP will probably need to be updated to adhere to permit requirements (see ACT8, S-1 and ACT12, S-1 and S-2). These updates do NOT need to be submitted to MDEQ.

If the facility is out of business or no longer a regulated facility, please request termination of coverage by completing the Request for Termination (RFT) Form found in the Baseline Forms Package. Facilities that continue to discharge wastewater without applicable permit coverage are in violation of state law.

Do not submit this form if submitting a "Request for Termination" (RFT).

Do not submit this form if submitting a "No Exposure Certification."

**ALL INFORMATION MUST BE COMPLETED** (Enter "NA" if not applicable).

The Certificate of Coverage should be mailed to:  owner/operator  facility (please check one)

**Re: Structural Steel Services, Inc.  
Plant 1 & 2, MSR000134 and MSR000135  
Stormwater Recoverage Forms**

Dear Mr. Morris:

Please find attached the recoverage forms for Structural Steel Services, Inc. (Structural Steel) Plants 1 & 2, 3, and 6. Plants 1 & 2 are grouped together as it relates to stormwater coverage. These two plants are separated by a road, but otherwise have similar operations with one owner under one operation. However, it appears that there are two separate recoverage numbers, MSR000134 and MSR000135. On the MDEQ website both of these numbers are shown as coverage for Plants 1 & 2 together.

On behalf of Structural Steel, I would like to request that only MSR000134 be used as coverage for Plants 1 & 2. In the attached recoverage forms MSR000134 has been signed by Eddie Partridge of Structural Steel. If it is necessary for MSR000135 to also be signed and sent in to obtain full recoverage then let us know and that will be completed, too.

If there are any questions about this submittal please contact Eddie Partridge, Environmental & Safety Manager at (601) 483-5381 or me at (601) 693-3916.

Sincerely,

Andrew S. Covington, P.E.
